Dear Councilman Buscaino and Staff,

On behalf of the Harbor City Neighborhood Council we would like to recognize you and your incredible team at CD15 for keeping constituents informed about the coronavirus crisis and the resources available for help.

We thank you for your tremendous leadership and the emergency relief efforts during this trying time. You brought hope, love and stability to the elderly and immunocompromised neighbors of CD15 by filling the gaps to make sure these individuals were fed with hot fresh meals while also supporting local eateries. By doing this you made sure they didn't feel alone or go hungry.

What you have accomplished has not gone unnoticed.

Thank you from the bottom of our hearts,

A handwritten signature in black ink, appearing to read "Danielle Sandoval".
